### **UIL Academic Contests**

We are excited to announce we are gearing up for UIL Academics! UIL Academic programs are designed to support core curriculum and allow students to apply what they learn in the classroom. Students do this by selecting a contest they are interested in, attending practices, and competing for a spot on the team. If selected for a team, they will continue to practice and compete at the District Competition on Wednesday, February 5, 2020, at La Vernia Intermediate School in La Vernia, TX.

Please contact your child's teacher for any additional information. Practices are starting soon, so don't miss out on this opportunity!

### **Saturday Academies at Hunt**

Hunt Elementary Students have the option to participate in Saturday Study Sessions to help enhance academic skills. Please get a form from the office for complete information. We look forward to helping our Young Gobblers grow through this educational opportunity!

### **Hunt Elementary Coding Club -Learn to Code!**

Explore coding with robots!

Learn how programmers use code to tell computers what to do, build games, animations and program robots to perform tasks.

What will we be doing?

We will use Ozobots: small programmable robots, Spheros: programmablesphere shaped robots, Scratch: Block based coding language, Swift Playgrounds on iPads: Learn Apple's coding language basics in Swift and fly programmable drones: take off, land and automate drone flight using Scratch type coding.

What skills do I need?

All you need is a willingness to learn and have fun while problem solving!

Where: Hunt Elementary Library

When: Every other Monday starting October 7th from 4:30 PM - 5:30 PM
